**UNDER PRESENT CONDITIONS  
SAFETY OF PRINCIPAL AND INTEREST  
IS THE BEST POLICY**

---

The Bonds of the Pennsylvania R. R. System are undoubtedly safe in every respect and are particularly attractive on account of being free of all taxes in practically all cases.

When you consider that this company is the most important System in the Country, with the Bonded debt amounting to only about 35% of its entire capitalization and the stock, which now amounts to approximately \$500,000,000, has been a consistent dividend payer for 58 years, you will realize the enormous strength of these securities.

We will be glad to submit an attractive list of bonds of the above System.

*a* Decrease. *b* The large decrease in deposits is due to the new rule that only the net balances of reciprocal bank accounts are reported. *c* In addition to earnings shown \$50,000 was charged off new building account in May, 1914. *d* Only one semi-annual dividend paid between dates compared. *e* Extra dividends 2½ paid July, 1914, and Jan. 1, 1915. *f* Extra dividend 2½ paid Nov., 1914. *g* Extra dividends 1½ paid May and Nov., 1914. *h* The apparent decrease in earnings is due to the fact that all the banks have been required to charge off depreciation in investment securities.
